- **Java** from **Solo Learn**

---

## EXPERIENCE

---

- **Flutter Developer Intern**  
From **May to August 2023**, I worked as a **Flutter Developer Intern** at **Walkers Hive Pvt. Ltd.** During my time there, I learned a lot about using the **Flutter** framework and **Firebase** to create flutter application. I learned and practiced the **MVVM** architecture using **Provider** state management.
- **Flutter Developer Intern**  
From **January to April 2023**, I worked as an intern at **Indreni Soft Pvt. Ltd.** as a **Flutter** developer. During my time there, I learned a lot about using the **Flutter** framework and **SQLite** to create flutter application.
